

# I-84 KARCHER TO FRANKLIN OVERVIEW

The Idaho Transportation Department is improving Interstate 84 between the Karcher Interchange and Franklin Boulevard Interchange in Nampa. Plans include:

- Adding a third lane in each direction of I-84.
- Adding auxiliary lanes in each direction of I-84 between interchanges.
- Replacing the Northside Interchange with a Single Point Urban Interchange for safer, more efficient travel.
- Rebuilding the Karcher Road Overpass, railroad/irrigation canal bridges and the Mason Creek Structure.
- Widening the eastbound off-ramp and modifying the signals to allow two left-turn lanes onto the westbound on-ramp at Franklin Boulevard.
