

## Star Road closure begins in early June

To facilitate ongoing construction activities as part of the Chinden West - U.S. Highway 20/26 (US -20/26) project, the Idaho Transportation Department (ITD) will close Star Road temporarily and detour traffic in June.

Work will include paving and intersection improvements.

### North Star Road Closure & Detour

Star Road will temporarily close in early June between US-20/26 and State Highway 44 (SH-44) for approximately one week.

Signage will direct motorists to use State Highway 16 (SH-16) instead of Star Road.

During this closure, Star Road **will be open to local traffic and emergency vehicles (fire, police and paramedics) only between SH-44 and Joplin Road.**

### South Star Road Closure and Detour

In mid-June, a southbound detour will be in place with all work anticipated to be complete in early July.

Signage will direct motorists to use Can Ada Road and McMillan Road instead of Star Road.

Star Road between US-20/26 and McMillan Road will be **open to local traffic and emergency vehicles (fire, police, and paramedics) only.**

Please pay attention to all posted signs and message boards near this work zone.

ITD appreciates your patience as improvements are made to this important highway.
