

I-84

CORRIDOR

The Idaho Transportation Department is designing improvements to Interstate 84 between Caldwell and Nampa. The design is expected to improve mobility, increase safety and benefit the regional economy for many years.

DESIGN PLANS INCLUDE:

- > Widening I-84 to three lanes in each direction from the Franklin Road Interchange in Caldwell to the Karcher Road Interchange in Nampa.
- > Replacement and widening of canal, culvert and lateral crossings.
- > New noise walls along I-84 near Ustick Overpass and on the Franklin Road westbound on-ramp.
- > Replacement of the I-84 bridges over Linden Road.
- > Adding an additional lane on Franklin and Karcher westbound off-ramps.

ITD will continue to keep the community involved and informed throughout the design process and construction.

PROCESS AND >>> SCHEDULE

OCTOBER 2020

Gather community input on final design plans

WINTER 2020

Finalize design plans

SPRING 2021

Shoulder widening begins

SUMMER/FALL 2021

Work begins to widen I-84 from Caldwell to Nampa

LATE 2022/EARLY 2023

Construction complete
