

U.S. Highway 12 - Summer 2023 Road Construction

Lochsa Ranger Station to Holly Creek

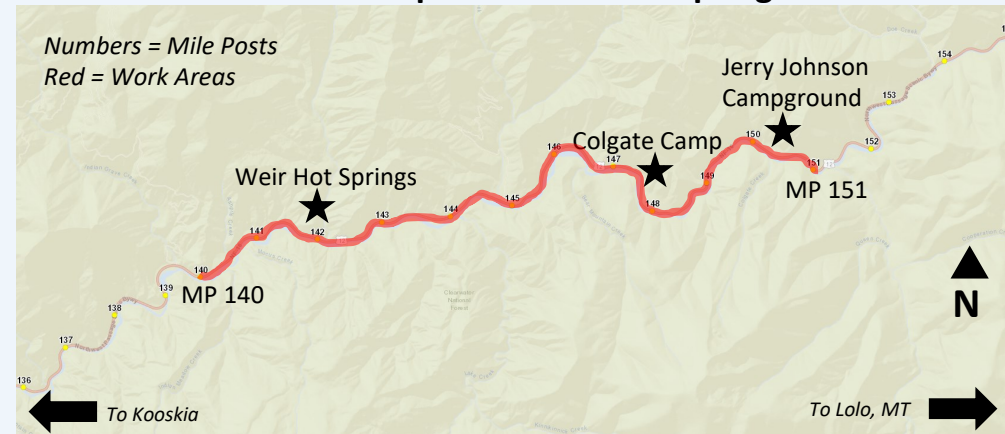

Overview

Anticipated start date on July 10 and concluding mid October (season 1 of 2). This summer US-12 from the Lochsa Ranger Station to Holly Creek will receive repairs. The project begins at Milepost 121.4 and ends at Milepost 130.3. This work will include a shoulder notch widening on both sides of US-12, the construction of reinforced soil slopes, and the replacement of multiple culverts.

Saddle Camp Road to Warm Springs

Overview

Anticipated start date of June 12 and concluding early September. The US-12, Saddle Camp Road to Warm Springs project begins at Milepost 140.6 and ends at Milepost 151.4. This work will include soft spot repairs, milling and paving, and new guardrail installation.

What to Expect On Both Projects

The road may be reduced to one lane with possible maximum 30-minute delay at times. Watch carefully for flaggers or pilot cars. Driving surface will vary from milled surface to gravel surface at the pipe crossings and soft spot repairs.

Shuttle Service Available: The Saddle Camp to Warm Springs project offers a bicycle shuttle free of charge to cyclists during working hours 6 a.m. – 6 p.m. (Mon. – Sat.).
